

Environmental Policy

Precision Products (Brighton) Ltd is committed to minimising the impact of its activities on the environment.

We will ensure that all activities are carried out in conformance with the relevant environmental legislation, regulations, guidelines and industry codes of practice.

We will minimise our environmental impact by

- Minimising waste and reducing our energy consumption.
- Evaluating our manufacturing operations to ensure they are as efficient as possible
- Minimising toxic emissions through the selection and use of its fleet and the source of its power requirements
- Actively promoting the principles of reduce, reuse, recycle, ensuring all employees have an awareness of environmental issues.
- Continually seeking opportunities to improve our environmental performance

We will monitor our Environmental Policy and our impact on the Environment and are committed to ensuring the Policy is up to date, effective and relevant.
